REPORT ON SHIPPING

To the Honourable

L. P. BRODEUR,

Minister of Marine and Fisheries.

SIR,—I have the honour to submit herewith the Seventeenth List of Shipping issued by this Department. In addition to the information given in previous years, the list now shows the vessels that have had their names changed, and their former names.

Since 1901 the list has been issued annually, and since 1904 it has been compiled from the records kept in the Department. These records are transcripts of forms received at the Department from the various Registrars of Shipping in Canada for transmission to the Registrar General of Shipping in England. Attention has frequently been called to the marked decrease, of late years, in the tonnage of Canadian registered shipping. The decrease, however, has not been as large as the statistics would indicate. When the list for 1901 was being prepared it was discovered that hundreds of vessels, which had been out of existence for many years, were still on the registers. These were taken off the books and every effort is now made to prevent names of vessels being included in the list which are no longer in existence.

In order to prevent duplication of ships' names, instructions, which came into force on the 1st of January of this year, were issued to the effect that the name of every vessel to be registered in Canada must be submitted to the Department for approval before registration.

A supplement, giving the names and tonnages of vessels registered, and of vessels whose registers have been closed during the month, is published monthly, and those issued up to date are bound with this volume.

The total number of vessels remaining on the register books of the Dominion, on the 31st December, 1907, was 7,528, measuring 698,688 tons, being an increase of 16 vessels and 44,509 tons register as compared with 1906; of this amount nearly 30,000 tons were transferred from Great Britain. The number of steamers on the register books, on the same date, was 3,007 with a gross tonnage of 471,795 tons. Assuming the average value to be \$30 per ton, the value of the registered tonnage of Canada, on the 31st December last, would be \$20,960,640.

The number of new vessels built and registered in the Dominion of Canada during the last year was 392, measuring 38,410 tons register. Estimating the value of the new tonnage at \$45 per ton gives a total value of \$1,728,450 for new vessels.

During the year 452 vessels were removed from the register and a detailed statement is given showing the cause for their removal.

RAPPORT SUR LA MARINE MARCHANDE

A l'honorable L. P. BRODEUR,

Ministre de la Marine et des Pêcheries.

MONSIEUR,—J'ai l'honneur de présenter la dix-septième liste de la Marine publiée par ce département. En sus des informations données durant les années précédentes, la liste indique les vaisseaux qui ont changé de noms et leurs anciens noms.

Depuis 1901, la liste a été publiée annuellement, et depuis 1904 elle a été préparée d'après les renseignements contenus aux dossiers du département. Ces renseignements émanent des rapports que nous ont fournis les divers enregistreurs des vaisseaux au Canada, pour être transmis au "Registrar General of Shipping" en Angleterre.

On a souvent fait remarquer la diminution marquée, durant ces dernières années, dans le tonnage des vaisseaux enregistrés en Canada. Cette diminution, cependant, n'est pas aussi grande que les statistiques sembleraient le démontrer. Lors de la compilation de la liste de 1901, on découvrit que des centaines de vaisseaux qui avaient cessé d'exister depuis plusieurs années, étaient encore inscrits dans nos registres. Ces vaisseaux ont été rayés des livres et toutes les précautions sont prises pour empêcher que les noms des vaisseaux qui ont cessé d'exister soient inclus dans la liste.

Afin d'empêcher que le même nom ne soit appliqué à deux vaisseaux différents, des instructions, qui sont entrées en vigueur le 1er janvier de cette année, ont été données en vue de soumettre au département, pour son approbation, le nom qu'on désire donner à un vaisseau avant son enregistrement.

Un supplément contenant les noms et le tonnage des vaisseaux enregistrés, ainsi que les vaisseaux dont le registre a été clos durant le mois, est publié mensuellement ; les suppléments qui ont été publiés jusqu'à ce jour sont reliés avec le présent volume.

Le nombre total des navires inscrits sur les registres du Canada, au 31 décembre 1907, était de 7,528, d'un tonnage de 698,688 tonnes, ce qui donne une augmentation de 16 vaisseaux et de 44,509 tonnes enregistrés par rapport à l'année 1906 ; de ce nombre, près de 30,000 tonnes nous vinrent d'Angleterre. Le nombre de navires à vapeur porté sur les registres à la même date était de 3,007, d'un tonnage brut de 471,795. En estimant la valeur moyenne du tonnage à \$30 le tonneau, le tonnage enregistré au Canada au 31 décembre dernier serait donc de \$20,960,640.

L'année dernière, 392 vaisseaux jaugeant 38,410 tonnes enregistrés au Canada ont été construits au pays. En estimant la valeur du nouveau tonnage à \$45 le tonneau, on obtient une valeur totale de \$1,728,450 pour les navires neufs.

Durant l'année écoulée, 452 vaisseaux furent rayés du registre et un état détaillé est publié indiquant la cause de leur radiation.
